***Facilitating Relational Learning (FRL)***

This module explores the unique needs of the adult learner and studies the teaching methods of Jesus to determine why he is so effective in promoting change and maturity in others. Participants experience how facilitating discussions in a relational context is a powerful way to not only introduce content but to also stimulate growth that leads to mature disciples of Jesus Christ. Through developing significant, open questions and using the best educational practices for adults, participants learn and practice how to facilitate transformational, biblically-based discussions while receiving meaningful

feedback from others. (Practice text: *Walking with Christ*, Required Foundational Module.)

*Developing a Discerning Heart* (DDH)

This module investigates God's design of men and women as image-bearers of God and the far-reaching effects of the fall upon that image. It studies the life-changing impact of Christ's redemption and its effects not only on one's thirst for God but also on each person's mind, will, and emotions. Participants will look at their identity in Christ and see how God has been intricately at work in the story of their lives. Through understanding God's transforming power in their lives, participants are better equipped to come alongside others to help and encourage them in their walk with God. (Recommended Prerequisite: FRL)
