The following order is recommended:

Facilitating Relational Learning (FRL) – Wednesdays 7 am to 10 am US Mountain Time

This module explores the unique needs of the adult learner and studies the teaching methods of Jesus to determine why he is so effective in promoting change and maturity in others. Participants experience how facilitating discussions in a relational context is a powerful way to not only introduce content but to also stimulate growth that leads to mature disciples of Jesus Christ. Through developing significant, open questions and using the best educational practices for adults, participants learn and practice how to facilitate transformational, biblically-based discussions while receiving meaningful feedback from others. (Practice text: *Walking with Christ*, Required Foundational Module.)

Developing a Discerning Heart (DDH): - Fridays 10 am to 1 pm US Mountain Time

This module investigates God's design of men and women as image-bearers of God and the far-reaching effects of the Fall upon that image. It studies the life-changing impact of Christ's redemption and its effects not only on one's thirst for God but also on each person's mind, will, and emotions. Participants will look at their identity in Christ and see how God has been intricately at work in the story of their lives. Through understanding God's transforming power in their lives, participants are better equipped to come alongside others to help and encourage them in their walk with God. (Prerequisite: FRL)

Discovery Bible Study (DBS) – Time TBD

This module focuses on how to effectively study the Bible to enrich devotional times, lead small group discussions, and prepare lessons and messages. Participants work systematically through the process of observation, interpretation, and application of biblical passages to understand the author's original intent and accurately apply the Word of God. Participants also prepare and facilitate a topical study, a small group Bible study, and a short message based on a passage of

Scripture as well as receive feedback for continued growth in their facilitation skills.
(Prerequisite: FRL, DDH)

Equipping Women to Serve (EWS) – Tuesdays 8am to 11 am US MT

This module builds a biblical framework for women serving in ministry. It identifies the needs, resources, challenges, and opportunities in creating and sustaining meaningful ministry. It looks at the essential components for developing servant leaders and a solid team. Spiritual gifts, temperaments, and effective spiritual mentoring are explored in the context of building a cohesive ministry. Participants explore how God is calling them to serve others and the practical application of these principles to that specific ministry. Continuing their growth in facilitation skills, participants lead both a Scripture passage and a lesson of the workbook. (Prerequisite: FRL, DDH, DBS)
