

# ENTRUST ANNUAL REPORT 2018

Entrust trains Christian leaders to train other leaders. One relationship might eventually spread the gospel across a region, country or continent. Even the world. This is what we call multiplication.

We've been training leaders for 40 years and the numbers you'll find in this report hardly scratch the surface of Entrust's overall impact. Your gifts and support touch leaders across the globe.

A world map with various regions highlighted in different colors: North America in blue, South America in purple, Europe in light blue, Africa in pink, and Asia in light blue. A large white circle with a black border is centered over the map, containing text.

An Entrust training participant commented at the start of the class that his role as pastor was to point out answers in the Bible. At the end of the week, he exclaimed with joy that he had now “discovered the people,” meaning the disciples and church that he must love and care for. A powerful and transformational discovery!
